OUR MENTORS

Dr. Ravindra Kumar Tewatia

PH.D, M.Tech - (Engg IIT Delhi),
B.Tech - IIT Roorkee

I feel proud to be the part of Straight Academy as a mentor where I am engaged in training & development of our faculty members and career guidance of the young minds. The SIP ensures coverage of the board syllabus along with rigorous preparations For competitive exams without compromising on student's involvement in Co-Curricular activities in a Learner friendly school environment. I will always ensure that STRAIGHT ACADEMY SIP will continue to have the talent of our young learners and aid them in actualizing their true potential in the years ahead.

Dr. Hema Khanna

NET, PHD
Associate Professor Psychology
Head of department,
Bareilly College Bareilly

Nurturing the dreams of the students in the right direction, the SIP empowers students to qualify for various competitive examinations across the country. The conceptual knowledge of Mathematics and science given by the experienced faculty strengthens the fundamentals, Laying a firm foundation of the path ahead. Almost a precursor to the New Education Policy (NEP) to make learning truly effective and not just rote based, the program also focuses on the time and stress management, regular feedback and joyful learning environment which leads to success in competitive exams. As a psychologist, I always believe in shaping young minds to a brighter career which will prove a road to success.

शरस्वती विद्या मन्दिर इंटर कॉलेज बहुत सम्मान के साथ Straight Academy को धन्यवाद देना चाहता हूँ कि हमारे विद्यालय तथा क्षेत्र के विद्यार्थियों को एक ऐसा मंच प्रदान कर रहा है जिससे विद्यार्थियों में कम्पटीशन की भावना उत्पन्न हो रही है।

इस SIP के कारण आज विद्यार्थी IIT-JEE, NEET अथवा अन्य प्रतियोगी परीक्षाओं की तैयारी बीसलपुर जैसे छोटे शहर से ही कर पा रहे हैं।

शरस्वती विद्या मन्दिर इंटर कॉलेज प्रबन्धन पूरी तरह से आश्चर्य है कि Straight Academy का ये प्रयास छोटे शहरों को बड़ी कहानियाँ बनाने का मार्गदर्शक बनेगा।

मैं Straight Academy के प्रयासों की लहे दिल से सराहना करता हूँ और भविष्य में साथ मिलकर काम करने के लिये तत्पर रहूँगा।

All About SIP

About School Integrated Program (SIP)

School Integrated Program (SIP) is a program in which the students of classes IX to XII will be screened and a separate section will be formed. These students will be taught by highly experienced and qualified faculty of Physics, Chemistry, Biology & Mathematics. These faculty members specialize in preparing students for various competitive examinations. This entire program will run within the school hours. The highlights of School Integrated Program are:

A study program with a synergetic approach to both the School / Board studies as well as JEE Mains/Advance/NEET & other competitive & entrance examinations.

A study program that eases out the pressure on students through meticulous time management and planning, thus creating a perfect balance between preparation for boards, school exams, competitive examinations as well as giving sufficient time for self-study and extra-curricular activities.

Fruitful Association

Students enrolling in this program will have an integrated study plan wherein they will be prepared for both school/board as well as competitive exams by Study Vault. This would mean that the students would not be going through two separate schedules and classes for the same subject.

Meticulous execution

The School Integrated Program enables students to imbibe fundamental concepts of Science and Mathematics by sharpening their analytical and parallel thinking skills. This makes them capable of creatively resolving complex and tricky problems by merely application of basic concepts.

Clockwork Precision

As this programme focuses on efficient time management, a separate time table will be made for students enrolled under this programme i.e., Physics, Chemistry, Biology & Mathematics. All other subjects will be taught by school teachers. These students will learn the school syllabus and prepare for the competitive exams simultaneously. The primary focus will remain on C.B.S.E. and they will also be appearing in all the school tests. The expert faculty team will follow the school session plan for C.B.S.E. and will also prepare the students for other competitive and entrance examinations.

Mentoring with Passion

We have a panel of highly experienced and qualified full-time faculty from various institutions like IITs, NITs and other reputed institutions. These faculty members have been teaching for years and have produced many IITians, and other scholars while working with some of the leading coaching institutions in the country.

Personalized Attention

The batch size of a section would not exceed 40-42 students, this facilitates proper student-faculty interaction. The faculty of this program will be available on every Saturday for extra classes and doubt sessions etc. Hence, there will never be a problem for any student in clearing their doubts. This will also save their time of taking help from other teachers or opting for any other classes for these subjects.

Overall Comprehension

A comprehensive study material will be provided to all the students in this program. This study material has been specially designed by the Study Vault faculty after intensive research and caters to the individual interests of the learners. It will not only help them grasp the basic concepts of each topic in a simplified and clear manner but also enable them to tackle complex advanced problems with ease and confidence.

Feedback & Felicitation

A detailed performance report is issued online after every Progressive Test (PT). We conduct Parent's Teacher Meet (PTM) after every quarter, however, parents can share feedback anytime through their personal online account on our website. Parents can also visit their respective centres by taking an appointment according to their convenience.

SKILL ENHANCEMENT

It sharpens students' analytical and parallel thinking skills for quick problem-solving and enhances their ability to comprehend complex problems.

EXAM READINESS

It empowers students, develops their competitive spirit, and motivates them to excel in various competitive exams like JEE Mains/Advanced, NEET, Olympiads, RMO, NSO, NTSE, and KVPY.

FEEDBACK LOOP

It helps measure the extent to which concepts and skills underlying the school syllabus have been understood by students and provides them with regular feedback for improved learning.

GAP ANALYSIS

SIP enables students to evaluate their learning levels and identify their learning gaps effectively.

CONCEPT CLARITY

It helps students improve their fundamental concepts, infuse higher confidence, and develop the temperament for high-order tests.

ACADEMIC SUCCESS

We enable students to perform well in all exams and ensure success at every stage of their journey toward achieving academic milestones.

A NOTCH ABOVE THE REST...

The circle of SIP turns full;
empowering students to evolve into confident
young learners with advanced analytical and problem solving skills,
ready to delve deep into the sea of knowledge and take up every challenge
with ignited spirits and minds.
